

DMO SCREEN ANNOUNCEMENT: 7 OCTOBER 2019

FOLLOWING CONSULTATION BY THE DMO, NO GILT TENDER TO BE SCHEDULED THIS WEEK

In response to earlier representations from some market participants recommending the scheduling of a long conventional gilt tender, the DMO held a short consultation earlier today to gauge the extent of market participants' interest in any such tender.

Following the receipt of market feedback to that consultation, the DMO has decided that a gilt tender will not be scheduled this week. The DMO is grateful for the feedback received and, as usual, remains open to future recommendations for gilt tenders.
